Food Distribution Program

SUBJECT: PROCESSING DIVERSION CONFIRMATIONS FOR SY 2007-2008

Attached you will find your "Processing Diversion Confirmation" for SY07-08. The diversions were based on your Processing Survey Responses that you submitted in February (survey #1063) and March (survey #1064). The processing survey(s) submitted by your school was a request, while this confirmation is what ADE was actually able to divert. In an attempt to fill as many full trucks as possible, your requested amount may have been split between first, second, and/or third choices. Additionally, if there were not enough requests to divert a particular commodity, your request was removed altogether.

This confirmation list is to inform and assist you in placing orders with the processors and/or brokers. A duplicate confirmation has also been sent to those processors and brokers.

If you have any questions or concerns regarding this confirmation, please feel free to contact me at (602) 364-0714 or Leona Benally at (602) 364-1965. Thank you.
